NEW TABLE TENNIS TABLE

BY MAEL & CHARLOTTE

On Wednesday 4th of March in the first level playground of the school, a table tennis table was installed.

The people who installed it were Coach Mezanni and the technician Pierre. They set it during the morning break.

The principal is working on the organization of a tournament for students. The purpose of the tournament is to return the ball as many times as possible to achieve the best score with your teammate. The winners will win rackets for the school. The rackets will be used as extra equipment during P.E. classes. We know that students will practice during the lunch breaks (12:05 am – 1:45 pm). Students will have to sign up to participate. They will play on different days depending on their grade.

The school administrator Ms. Degraeve is still defining the organization and considering who will be the contact person. The monitor Elea might be the contact person. For the moment, the table tennis table needs to be officially inaugurated before it can be in self-service for all the students. The inauguration will take place during the Spring Festival.

PARTY LIKE THE IRISH

BY CLEMENT & LUCILE

Last month, on the 17th, we celebrated Saint Patrick's day. You should wear green this day because that could bring luck in your life.

The origine of this party, that began in 1601 as a parade celebrating the life of Saint Patrick (the patron saint of Ireland) is now better known as a day when people across the globe disguises themselves as leprechauns and engage in public displays of, well, drunkenness.

In Dublin, they organize parades in streets to celebrate the saint patron of Ireland.

In France, across Lyon, there are many theme parties of St. Patrick's day even if it's not a national party in our country.

In New York, they add green dye on drinks, and sometimes even foods. Even the Empire State Building is colored in green during St. Patrick's night.

PRINCIPAL AS A SUNFLOWER

BY CLEMENCE

Indeed, an anonymous student has told us that Principal Léo Congiu will go to the Spring festival disguised as a Sunflower, apparently his favourite flower.

Never before seen in Léon Marie Fournet Middle School's history. That's still a rumor but why not ? This can influence the principal's choice.

But our principal isn't alone...The student has also said that all the educational team will also dress up ; Vice Principal Lavadoux as the Easter Bunny, Director Gontard as a fish (for the French tradition of « Poisson d'Avril » or April's Fool) and all the monitors as chocolate eggs. Apparently a really implicated team.

This promises to be fun if it is real !

Have a good Spring Festival !
